

S. No.	Date	Title of FDP	No. of Faculty
1	02 May 2022	Artificial Intelligence and its Application	233
2	02-06 May 2022	Research Advancements in Microwave /Millimeter Wave Communication Systems	92
3	04 May 2022	Avoiding Common Errors in English	250
4	04 May 2022	Recommender Systems	42
5	04 May 2022	Future Development of Cloud Computing with Kubernetes	78
6	07 May 2022	Data Science and Analytics- Researcher's Perspective	102
7	07 May 2022	Finite Element Study of Natural Convection in a Porous Cavity	108
8	10 May 2022	Cutting Edge Technology in Cyber Security and Cyber Forensic Investigation - Future era	53
9	11 May 2022	Avoiding Common Errors in English	250
10	11 May 2022	Understanding Back and Neck Pain	240
11	11 May 2022	Micro Controller Programming for IoT Applications with ATmega Controller	48
12	12 May 2022	Blockchain and Industry Trends	102
13	13 May 2022	Software Project Management Process in I.T Industries	36
14	14 May 2022	How do humanities and social science scholars study science and technology?	140
15	16 – 20 May 2022	Internet of Everything (IoE)	184
16	17 May 2022	Artificial Intelligence and its Industrial challenges	208
17	18 May 2022	Avoiding Common Errors in English	250
18	20 May 2022	Dockerisation in AWS with EKS - Elastic Container Services.	88
19	25 May 2022	Avoiding Common Errors in English	250
