| S. No. | Date | Title of FDP |
|--------|------|--------------|
| 1. | 03 October 2022 | Prevent and Reverse Lifestyle disorders- BP, Diabetes, Obesity, Cholesterol issues |
| 2. | 05 October 2022 | Trends and Challenges in Electric Vehicle Charging – An Industry perspective |
| 3. | 05 October 2022 | Nanowire Optoelectronic Devices And Gas Sensors |
| 4. | 05 October 2022 | Deep attention is all you need for NLP |
| 5. | 08 October 2022 | Continuing Professional Development in Higher Education |
| 6. | 10-14 October 2022 | Smart Grid Features and Application of IoT, AI, Blockchain and Cybersecurity in Smart Grid |
| 7. | 10-14 October 2022 | IoT & ML Driven Intelligent Systems & Solutions |
| 8. | 10-14 October 2022 | Material Processing Microstructure and Property |
| 9. | 11 October 2022 | Live without Medicines |
| 10. | 12 October 2022 | Technology commercialisation and nurturing entrepreneurship |
| 11. | 12 October 2022 | Introduction to Machine Learning for Future Wireless Communication |
| 12. | 12 October 2022 | Application of Optimization Techniques in Engineering |
| 13. | 17–21 October 2022 | Recent Advancement and Applications in Artificial Intelligence: Research Perspective |
| 14. | 17–21 October 2022 | Artificial Intelligence in Solving Real World Problems |
| 15. | 19 October 2022 | It's time to travel |
| 16. | 19 October 2022 | The ART of innovation is the PART of Entrepreneurship |
