XXXXX

This 5-day Faculty Development Program (FDP) will provide an in-depth understanding of the patent process, intellectual property rights, and the commercialization of research findings. Participants will gain valuable knowledge on patent law, drafting and filing patent applications, intellectual property management, technology transfer, and strategies for successful commercialization of innovations.

Target Audience: Faculty members, researchers, and research scholars from academic institutions and research organizations.

Learning Objectives: Participants will be able to understand patent law, draft patent applications, identify commercialization opportunities, develop business plans, and navigate the technology transfer process.
