Prof. Sasikumar P is the Assistant Dean Academic Research at VIT Vellore.

In the contemporary research ecosystem, digital tools play a pivotal role in enhancing the quality, visibility, and integrity of scholarly publications. This Faculty Development Programme (FDP) on SciFlow, SciVal and Turnitin for Research and Publication is designed to equip faculty members and researchers with practical knowledge and hands-on experience in using advanced research support tools. SciFlow enables efficient academic writing, collaboration, and formatting aligned with journal standards; SciVal supports research performance analysis, benchmarking, and strategic decision-making using bibliometric data; and Turnitin ensures academic integrity through plagiarism detection and originality enhancement. The programme emphasizes ethical research practices, data-driven research planning, and improved publication outcomes. By integrating these tools into the research workflow, participants will be empowered to produce high-quality, credible, and impactful research outputs aligned with global academic standards.
