

Faculty Development Program

VIT[®]
Vellore Institute of Technology
(Deemed to be University under section 3 of UGC Act, 1956)

Title : Air Pollution Awareness Session:
Breathing Air is Injurious to Health

Event Outcome

- Enhanced Subject Competency

Date : 2026-02-12 - 2026-02-12

Time : 16:00 - 17:30

Venue : TT-311

Resource Person 1 - Details

Name : Dr Priyanjali Gogikar

Designation : Doctorate, Air Pollution

University/ Company : sphoorthivedika, Hyderabad

Address : India, 500079.

Resource Person's Profile :

1. Profile of Dr Priyanjali Gogikar

A former engineering professor with a PhD in Air Pollution, combining strong academic rigor with deep research expertise in environmental sciences. Passionate about translating scientific knowledge into public awareness and meaningful societal impact.

This awareness session is designed to provide participants with a concise yet comprehensive understanding of the critical issue of air pollution and its far-reaching environmental, health, and societal impacts. The programme aims to enhance awareness of both indoor and outdoor air pollution, examine major sources and contributing factors, and highlight emerging challenges in the context of rapid urbanization and lifestyle changes. Emphasis is placed on practical mitigation strategies, policy perspectives, and individual responsibility, enabling faculty members to integrate environmental consciousness into teaching, research, and community outreach. By bridging scientific knowledge with real-world applications, the session seeks to empower educators to act as informed ambassadors of sustainable practices and responsible citizenship.
