

## Faculty Development Program

**VIT**<sup>®</sup>  
Vellore Institute of Technology  
(Deemed to be University under section 3 of UGC Act, 1956)

**Title :** UK-India research, funded proposals and quality publications

**Date :** 2026-02-18 - 2026-02-18

**Time :** 11:45 - 13:15

**Venue :** TT-311

### Event Outcome

- Increased presence of UK India papers among top-cited global research outputs

#### **Resource Person 1 - Details**

**Name :** Senthilarasu Sundaram

**Designation :** Professor, School of Computing Engineering

**University/ Company :** Teesside University, UK

**Address :** UK, TS13BX.

### **Resource Person's Profile :**

#### **1. Profile of Senthilarasu Sundaram**

He is Professor in the School of Computing, Engineering and Digital Technologies at Teesside University. His passion towards energy and sustainability in the energy sector has started during his pre-doctoral research course (MPhil in Applied Physics) which leads to PhD in organic solar cells materials. He has published over 250 articles in well reputed journals and conferences along with 7 books

The bilateral research partnership between the United Kingdom (UK) and India has emerged as a significant driver of international scientific collaboration, supported by structured funding mechanisms and yielding high-quality scholarly output. Key joint funding initiatives including the UK India Education and Research Initiative (UKIERI), International Science Partnerships Fund (ISPF). These competitive funding schemes mandate strong bilateral leadership, clearly defined shared objectives, and demonstrable added value of international partnership, facilitating knowledge exchange, capacity building, and innovation
