

CDMM 304

Faculty Coordinators : Dr. Devasri Fuloria, Dr. Ambeswar Sahu

High temperature Materials Characterization and Applications

Resource Persons :

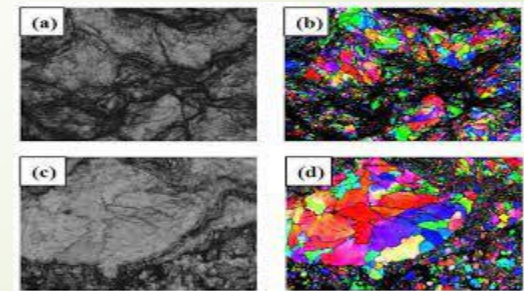

Dr Dheepa Srinivasan,
Pratt and Whitney, United Technology Corporation
India Private Limited, Bangalore

Dr Arockia Kumar,
National Institute of Technology,
Warangal

Discussion Points :

- ❖ Materials for high temperature applications will be discussed
- ❖ Mechanical behaviour of Metals and alloys at high temperature will be discussed
- ❖ Microstructural Evolution of Metals and Alloys at high temperature will be discussed
