Time : 11:45 - 13:15

Venue : TT311

Event Outcome

- Participants will be able to design and implement flipped classroom strategies that actively engage learners

Resource Person 1 - Details

Name : Srinivasan Latha

Designation : Assistant Professor Grade 2, School of Advanced Sciences

University/ Company : VIT, Vellore

Address : India, 632014.

Resource Person's Profile :

1. Profile of Srinivasan Latha

Dr Srinivasan Latha Asst Professor from the department of Chemistry, School of Advanced Sciences has over thirty plus years of experience in teaching and ten years of research in the areas of biopolymers for environmental remediation. She is interested in the learning styles of students and has implemented diverse teaching learning approaches to enhance classroom experiences for the students.

The transformation in the Educational sector necessitates the need to explore a variety of appropriate pedagogy in the classroom. Flipped classroom is one of them. The learner is inspired to take on learning as his responsibility. The facilitator provides the reading material, or shares a link to be watched as a pre-learning session. The student is provided with scaffolds to understand the learning, and the facilitator stimulates the learning.
