

S. No.	Date	Title of FDP	No. of Faculty
1	01 April 2022	'Moodle for Python/Java Code Evaluation'(On Campus)	40
2	05 April 2022	Bioprocessing of microbes and plants for sustainable agricultural development	96
3	05 April 2022	Online user awareness session to demonstrate Springer Nature platforms	104
4	06 April 2022	Competency and Performance Indicator based OBE for effective attainment evaluation	132
5	09 April 2022	Industrial Trends in AI	250
6	09 April 2022	Future Advancements in Electric Vehicles and Electric Vehicle Supply Equipments: A research perspective	92
7	11 April 2022	Explainable AI and Challenges	112
8	12 April 2022	The Art of Doing High-Quality Research and Research Publications	300
9	13 April 2022	The Future Opportunities in Data science	202
10	15 April 2022	Method to increase dependability in a Cloud-Fog-Edge Environment	60
11	16 April 2022	Addressing challenge in medical image processing using Deep learning techniques	182
12	18 April 2022	Building Recommendation systems for product websites using Big Data and real-time streaming	75
13	18 April 2022	Security Testing with Raspberry Pi	56
14	18-22 April 2022	Recent Advancement in Power and Energy Sector	66
15	19 April 2022	Transform Institutional Practices through Innovations in Research and Education (Online & On Campus)	187
16	20 April 2022	Fitness Is Your Wealth	212
17	20 April 2022	Utilization of Machine Learning Techniques for the Marine Science and Technology	148
18	21 April 2022	Introduction to ANN with predictive analysis and deep view of GAN & Deep fake	164
19	22 April 2022	Product Development and Commercialization	67
20	23 April 2022	Thriving in New VUCA World	28
21	25 April 2022	General Insurance in Common Man's Life	134
22	25 April 2022	Online Session on Application of Surface Area Analyzer	122
23	27 April 2022	Cyber security threats, trends and opportunities for research	158
24	29 April 2022	Glide Life with Ease and Grace	128
